AWFS® Fair Unveils New Floor Plan for 2013, Announces Exhibitor Space Draw Deadline

CITY OF COMMERCE, Calif. – (April 17, 2012) The Association of Woodworking & Furnishings Suppliers® recently announced that the 2013 Fair will have an entirely new floor plan configuration as the machinery and supply halls, which have traditionally been located in the Central and North Halls respectively, will now be located into an expanded Central Hall.

“The new floor configuration should result in noticeably improved traffic flow as attendees no longer have to separate their time between halls that are located in two separate wings of the Las Vegas Convention Center.” According to Angelo Gangone, Executive Vice President, AWFS. “In addition, although the show is being centralized, we are actually expanding the footprint of the Fair as we anticipate adding exhibitors for 2013, and returning exhibitors continuing to expand their booth space as the overall economy keeps improving and the industry continues to strengthen.”

The priority space draw will be held starting on Wednesday, June 13, 2012. All exhibitors interested in participating should visit www.awfsfair.org for further information and [click here](#) for a preview of the new floor plan.

About AWFS:

The Association of Woodworking & Furnishings Suppliers® (AWFS), founded in 1911, is a non-profit organization that wholly owns and produces the biennial AWFS®Fair. The largest trade association serving the entire home and commercial furnishings industry, AWFS has more than 400 members, including manufacturers and distributors of machinery, hardware, software, tooling, lumber, components, wood products and supplies for the woodworking industry including cabinet, furniture, millwork and custom woodworking products.
