## **WEIMA and AWFS® Announce the Return of “Destroy Responsibly™” for the 2017 Fair**

**Anaheim, April 4, 2017** - WEIMA is pleased to announce that the Destroy Responsibly™ program will continue at the AWFS®Fair 2017. “With the housing market on the rise, so is the need for wood waste processing in wood shops of all sizes. Reincorporating or recycling this wood scrap is our specialty. We are excited to be returning with a WLK15 single-shaft shredder to process all of the wood waste created throughout the show. These shredded material will be donated to UNLV through Repurpose America, an organization that reuses unwanted materials,” commented, Audrey Brewer, Marketing Manager for WEIMA America, Inc. “It’s a privilege to come back to each AWFS Fair as the Official Recycling Sponsor. This is not something we take lightly. Recycling is the lifeblood of our company, and we enjoy having the opportunity to show so many manufacturers how environmentally friendly and profitable a wood shredder can be within their operations!”
